Logos Evangelical Seminary—Overview

With the spirit to “Attempt great things for God, rescue millions of souls,” Logos Evangelical Seminary seeks to educate and impact students for a lifetime of faithful and fruitful ministry. As the first fully accredited Asian seminary by the Association of Theological Schools in the United States and Canada (ATS) and the WASC Senior College and University Commission (WSCUC), Logos provides a range of academic and degree programs mainly in Chinese with a few elective English courses that emphasize the integration of the Bible, theology, practice and cultures to equip servants for the Body of Christ worldwide.

Logos’ excellent faculty oversees a curriculum that emphasizes not only the academic, but the practical side of theology. With a deep commitment to its mission coupled with a program curriculum based on in-depth theological understanding and Biblical worldview, Logos serves to provide a strong and stimulating learning environment. Logos’ programs are designed to foster growth and development in four key areas that, when in balance, will serve them well for the rest of their lives. These include: spiritual formation, theological understanding, ministry skills, and Biblical life-style. In addition, students at Logos gain invaluable insight and wisdom from the close relationships they develop with the professors and their godly living.

The students who come to Logos are from different backgrounds, denominations and from all over the world. They are welcomed by staff and faculty, who likewise come from diverse backgrounds and represent various denominations. Once here, students find an inviting wireless campus with modern facilities, including a library that houses one of the largest collections of Chinese theological books in North America. Logos also provides comfortable and convenient wireless living accommodations for singles and families.

Today, more than 700 graduates of Logos are serving in pastoral ministries, cross-cultural missions, theological education and para-church organizations in more than 20 countries around the world. Having a close relationship with the seminary, the alumni continue to fulfill Logos’ mission to “spread the gospel to bring people to Christ to make disciples and establish churches.”

5. Master of Arts in Christian Studies (M.A.C.S.)

7. Master of Arts in Intercultural Studies (M.A.I.C.S.)

STATEMENT OF FAITH

We believe that:

1. The Bible, containing the Old and New Testaments, is the inspired and infallible Word of God, the necessary and complete revelation of His will for the salvation of humankind, and is the ultimate authority for Christian faith and living.
2. We believe in the one true and living God, eternally existing in three distinct persons: Father, Son, and Holy Spirit.
3. We believe that the triune God is the Creator, the Sustainer, and the Ruler of all Creation, but is prior to, and distinct from the Creation.
4. We believe that the first man, Adam, was created by God in His image, but fell from his original state by sinning against God, and hence incurred upon himself and all his descendants the guilt of sin, condemnation, and death; therefore, all humans are in need of salvation, but are totally incapable of saving themselves.
5. We believe that after the fall, God, in His mercy and love, made a provision for human redemption through the establishment of the covenant of grace with His people by the promise and actual giving of His Son, our Savior Jesus Christ, whom we believe is justification and life.
6. We believe that Jesus Christ is the Son of God, sent by the Father, begotten by the Holy Spirit, and born of the virgin Mary; that He lived a sinless and obedient life, that He suffered and died on the cross vicariously for the sins of His people who believe in Him; that God raised Him from the dead, exalted Him both as Lord and Christ, and gave Him the promise of the Holy Spirit for His Church.
7. We believe that humans are saved by grace through faith in Christ in response to the Gospel being preached, or otherwise presented, in the power of the Holy Spirit, through whom ransomed sinners become the children of God and heirs of eternal life; that Jesus Christ is the only mediator between God and humankind; and that through Him and Him alone believers have access to the Father.
8. We believe that every believer is a new creature in Christ, and is called to walk in the Spirit, to die unto sin, and to live unto righteousness, and thereby manifest the fruits of the Spirit, conforming himself to the image of Christ; and that good works are the fruit of a Christian life, and are not ways of justification.
9. We believe that God alone is the Lord of our conscience, and that believers are free from the commands of men which are contrary to, or in addition to the Scriptures in matters of

faith and conduct.

10. We believe that the church, consisting of all true believers, being Christ's own, and indwelt by the Holy Spirit, is the Body of Christ, the invisible church; that the church is holy, universal, and one in Christ; that the invisible church manifests itself in the visible church, local congregations consisting of all who profess to believe in Christ and are baptized; that as the people of God and a kingdom of priests the church is called to grow unto the stature of the fullness of Christ and to fulfill her mission through the exercise of the gifts of the Holy Spirit, in worship, sacraments, fellowship, discipline, and service.
11. We believe in the priesthood of all believers, the parity of ministers and the laity.
12. We believe that on the last day, at the consummation of redemption, Christ will come again, personally and visibly to the earth, to judge the living and the dead; that there will be a bodily resurrection of the dead, of the believers through the Holy Spirit unto the inheritance of eternal life, and the unbelievers unto condemnation; and that a new heaven and a new earth will be ushered in.

Students are called to be ministers or to work in para-church organizations according to the principles of the Bible. They should set examples in their behaviors and conduct for the lay people. The seminary expectation for students' conduct and life is higher than the standards set by the society. Students are expected to comply with the law, respect proper constitutional authority and obey seminary policies, rules and regulations. Unacceptable conduct is defined as an action or behavior that is contrary to the best interest of a fellow student or students, the faculty or staff, the seminary, or the teaching/learning process.

Students failing to perform according to established standards may be subject to disciplinary action. Violation of this standard shall include, but is not limited to:

If the student intends to conceal the fact, the case will be forwarded to the Student Disciplinary Committee for further evaluation.
11. Violation of seminary academic regulations and policies.
In light of the spirit of Galatians 6:1-2, it is the intent of the Student Conduct Committee to exercise genuine Christian concern in its dealings with students and that its actions would result in learning, personal growth, and professional development. The long term welfare of the student, the seminary community and the churches should be the primary concerns of the committee's decision process.

In order to make this a truly responsible and redemptive community, it is expected that all students, faculty and staff will jointly accept the responsibility of reporting such actions as may be unacceptable, unethical, or detrimental to a Christian academic community or to the ministries that they serve.

Any questionable actions may be reported to the Student Development Office directly. The Dean of Students will make necessary inquiries or investigation into the matter promptly. This process may consist of personal conversation with all the parties involved to determine if the matter has merit or if they can be disposed by mutual consent on a basis acceptable to all parties. If the matter cannot be resolved, the Dean of Students will make a report to the Student Conduct Committee, along with documents submitted to the Dean by the student and the parties involved.

The Student Conduct Committee may wish to meet with the student and the involved parties to further investigate the case. The Committee will then discuss the case based on the facts collected by the Dean of Students in a thorough and careful manner. The committee will decide whether the student has been in violation of seminary regulations, standards of conduct in any way that is contrary to the catalog or that is set forth in the student handbook. If warranted, the Student Conduct Committee shall make a report of the matter to the Executive Committee of the seminary.

The Dean of Students, as chairman of the committee, will notify the student personally and in writing of the committee's decision as well as any disciplinary action recommended. The student may choose either to accept the committee's determination and decision in the case or the student may choose to appeal the decision to the President's office. The appeal must be filed within two (2) weeks after receiving the written decision.

In the event of an appeal, the case will be discussed and reviewed by the Executive Committee. The student will have the opportunity to submit written comments to the Executive Committee for consideration. In all cases, the final decision on the appeal shall rest with the Executive Committee. When an appeal is made, the case will be reviewed and a decision reached as quickly as possible, normally within thirty (30) days.

The decision of the Executive Committee is final. Both the faculty members and the

students shall submit to the decision of the Executive Committee and seek the peace of the institution.

Any disciplinary action toward the involved student shall be reported to the faculty meeting. A written report of disciplinary hearing proceedings, determination, and appeal, if any, will be made and kept on file in the Student Development Office.

4. **SUSPENSION:** A student may be suspended for any specified length of time as determined by the Student Conduct Committee with time and terms of re-admission indicated. After the expiration of the specific length of time, the student may petition to resume his/her studies.
5. **DISMISSAL:** Permanent dismissal from the Seminary will apply in cases where the Student Conduct Committee deems there is evidence that the student's conduct, achievement, or other factors warrant such action.
6. Any of the above may be noted on the student's transcript for duration of one to three years and may be removed at the discretion of the committee.

C. Student Grievance Policy and Procedure

1. In the spirit of Matthew 18:15-22, any student with a grievance is encouraged to go to the student, staff or faculty member with whom he/she has a grievance and to discuss the issue with that person. The desire is to resolve the grievance in the early stages of the procedure. If the student felt that the issue cannot be resolved by him/her, he/she may use the following procedures:

Should the student not be comfortable with initiating such a meeting on his/her own, the Dean of Students, or the Academic Advisor is available, on a strictly confidential manner to assist the student. The procedure is concluded if an acceptable solution is reached between the student and the involved party. Should either person wish a written documentation of the resolution, the two parties shall write such and each person will sign, date and retain a copy for themselves and a copy in the Student Services Department.

2. If the grievance is not resolved, the student may pursue the matter further. He/she who has a legitimate unresolved grievance should send a written statement promptly (within two (2) weeks after the unresolved meeting) to the Dean of Students. The statement shall clearly state the nature of the complaint and the steps already taken. The Dean of Students will meet with each party separately and will examine the case carefully. The Dean will then meet with the involved parties to seek possible solution or resolution for the grievance. If the grievance is resolved, a written summary of the resolution with signature from each party will be made within two weeks. Copies will be retained by the involved parties and in the Student Services Department.
3. However, if the grievance has involved wrongful conduct or the person has indeed committed wrongful behavior and is not repentant, the Dean of Students will refer the case to the Student Conduct committee for a thorough hearing. If the other party is also a student, the Student Conduct Committee will be responsible to hold a hearing. If a staff or a faculty is involved, the direct supervisor and the director of H.R. will be in the hearing committee.
4. If the grievance is not resolved through the steps above, the student may make a written request, within two weeks, to the Executive Committee for further review. The Chair will convene a meeting to hear and resolve the grievance. The committee may request that additional persons (such as chair of Student Council) be present for the hearing as it deems necessary and relevant. The committee's recommendations and action for resolution will be presented in writing to each party in the grievance within thirty (30) days of the hearing, which each party will sign. Copies of the resolution will be retained, along with a written record of the hearing in the Student Services Department. In all cases, the Committee's recommendations and action for resolution will be final. Any resolution or disciplinary action will also be reported in the Administrative Meeting or the Faculty Meeting respectively.
5. In the event a member or members of the committee are involved or named in the grievance, the Dean of Students will appoint a replacement in kind (faculty or administrator). In the event the Dean of Students is involved or named in the grievance, the President will appoint a replacement for the Dean of Students to handle the case.
